

Weekly Energy Budget

Audit last week before planning next, tags on real history are honest. Watch the tertiary trend line across weeks.

TAG AND MARK

Every significant block from last week: WHY, WHAT, or HOW work, and against your profile, primary, secondary, or tertiary.

THE TALLY

Hours per level. The tertiary number is usually a surprise.

PLACEMENT FOR NEXT WEEK

Tertiary blocks moved to peak-energy windows, defended like client meetings, capped in volume.

RECOVERY

Primary-orientation work scheduled immediately after every tertiary block.

TREND NOTE

One heavy week is life. A rising trend is a role drifting from your wiring, take it to the Triage Tree.
