

Team MindPrint™ Map

Build from real assessments, reveal it facilitated, refresh on every team change. Energy composition, not competence.

THE ROSTER

Each member: name, profile, and the orientation their current role mostly demands.

COVERAGE

Primary energy per orientation. WHY: / WHAT: / HOW:

THE GAP

The orientation with little or no primary coverage, and what predictably goes missing because of it.

MISLOAD

Who is structurally working from their tertiary, role demand versus wiring.

THE HIRING ARROW

What the next hire's profile should add, decided before the resume pile decides instead.
