

Meeting Keeper Cards

Assign at the top of the meeting, cards physically on the table. Thank interventions by name, the questions are the system working.

Purpose Keeper

Licensed to say: "We've drifted from the goal." "Which decision does this serve?" "Why are we doing this part?"

Progress Keeper

Licensed to say: "We're leaving without an owner." "Can we decide this today?" "What's the next physical step?"

Precision Keeper

Licensed to say: "We haven't tested the edge cases." "What breaks first?" "Who maintains this after?"

The license

An intervention that is a role reads as service. The same sentence freelanced reads as obstruction. The card is the license.

Assignment

Thirty seconds at the top. Primaries keep what energizes them; occasionally assign against wiring in low-stakes meetings to build empathy.

After the meeting

Flagged precision items in a room with no HOW wiring get routed to a HOW-primary afterward. Coverage, not replacement.
