

Client Deliverable Pre-Flight

Run the full list before every send, not just when things feel shaky. Add every new miss within a day, a captured miss is a miss retired.

CONTENT

- ☐ Every section complete, no placeholder text or TODO markers
- ☐ Numbers verified against source, dates and names spelled correctly
- ☐ Version and file name correct, old drafts removed from the thread

RECIPIENTS

- ☐ Every stakeholder who expects this is on the send
- ☐ Anyone mentioned by name has been told before they read it
- ☐ Reply-to and permissions set the way you intend

LOGISTICS

- ☐ Attachments actually attached and openable
- ☐ Links tested from a clean session
- ☐ Deadline, next step, and owner stated inside the deliverable

CAPTURE

- ☐ Anything that almost slipped this time is now added to this list
