

WHAT-Partner Cadence Agreement

One page, written together. The pairing works because pace-setting energizes the partner. Review monthly.

THE WORK

The project or period this agreement covers.

WHO SETS PACE

The partner owns dates, check-in rhythm, and the standing question: what ships this week?

THE RHYTHM

Fixed check-in, weekly or twice-weekly, fifteen minutes, no agenda beyond movement.

WHAT THE PARTNER CAN CALL

Slipping milestones, threads over the WIP cap, thresholds drifting upward.

WHAT STAYS YOURS

Depth, quality, and direction. The partnership divides energy, not authority.

THE TRADE

What you carry for them in return, usually depth review or purpose framing. The trade is what makes it durable.

MONTHLY REVIEW DATE

Ten minutes: balanced, working, continuing?
