

Tertiary Triage Sheet

List recurring drains, ask the two questions of each, attach a named tool to every item. Re-triage quarterly.

RECURRING DRAINS

From the Energy Budget tally. Recurring is the keyword, one-offs just get done.

THE TWO QUESTIONS

Per item: Is it structurable? Is it someone else's primary?

SCAFFOLD IT

Recurring and structurable: which template or checklist, built once, runs it forever?

TIMEBOX IT

Small, unavoidable, unstructurable: which scheduled peak-energy dose contains it?

TRADE IT

Draining for you, energizing for whom? Post it to the Trade Board.

AUTOMATE IT

Repeatable and rule-based: which software or AI prompt takes it entirely?
