

Opening Line Habit Tracker

Pick two forms and drill them for two weeks, on everything, including trivial messages. Write the line last, place it first.

THE FIVE FORMS (PICK TWO)

Direct
"This matters because..." Works almost everywhere. The default.

Executive
"The decision this enables is..." Strongest for senior readers.

Document
"By the end of this you'll know..." Best for documents and decks.

Request
"We're doing this so that..." Carries the reason with the ask.

FYI
"Nothing needed from you; this is so that..." Prevents mis-escalation.
