

Tertiary Triage Tree

Ask the two questions of every recurring drain, attach a named tool to each. Re-triage quarterly, teams change, tools improve, trades open up.

THE TWO QUESTIONS

Is it structurable?

Does it energize a colleague?

Scaffold it

Recurring and structurable. Tool 1, Tool 5: a template built once, runs forever.

Timebox it

Small, unavoidable, unstructurable. Tool 5: a scheduled peak-energy dose contains it.

Trade it

Draining for you, energizing for a colleague. Tool 33: post it to the Trade Board.

Automate it

Repeatable and rule-based. Tool 9: software or an AI prompt takes it entirely.

ROUTING LOG

RECURRING DRAIN	STRUCTURABLE?	ENERGIZES A COLLEAGUE?	PATH ASSIGNED	RE-TRIAGE DATE
