HOW

GAP, MISLOAD, HIRING ARROW

THE GAP, THINNEST COLUMN, WHAT PREDICTABLY GOES MISSING

MISLOAD, WHO IS STRUCTURALLY WORKING FROM TERTIARY

THE HIRING ARROW, WHAT THE NEXT HIRE'S PROFILE SHOULD ADD

Map Input Worksheet

Fill this in first, alone, from real assessments. Transfer it to the posted map at the reveal.

THE ROSTER

Each member: name, profile, and the orientation their current role mostly demands.

COVERAGE

Primary energy per orientation. WHY: / WHAT: / HOW:

THE GAP

The orientation with little or no primary coverage, and what predictably goes missing because of it.

MISLOAD

Who is structurally working from their tertiary, role demand versus wiring.

THE HIRING ARROW

What the next hire's profile should add, decided before the resume pile decides instead.
