

Every tool in this library reduces the cost of work in your tertiary orientation, the work that drains rather than energizes. Each carries one of four support modes: **Scaffold** (structure that carries the thinking), **Teach** (a learnable micro-skill), **Support** (a ritual that reduces the drain), or **Replace** (delegate, automate, or partner it away). None of them will make tertiary work energizing. All of them make it cheaper.

COLLECTION A · SUPPORTS TERTIARY HOW · WHY-WHAT AND WHAT-WHY

01	Vision-to-Task Decomposition	SCAFFOLD
02	The Pre-Flight Checklist Library	REPLACE
03	The Last 10% Protocol	SCAFFOLD
